To the powers to take action under the order of July '03 it has been contended on more than one occasion that the latter order as related to the powers of the DPI & the order of 06 was not issued after consultation with the FD, it may be observed that there is no necessity for the Secretary giving more financial powers to the Head of the Department in particular instances when the rules are complete. No objection perhaps the words "persons not major Heads are not involved" may be added after Edn Deptt in the last line of the draft order to make the meaning clear beyond doubt. SIR

I have the honor to invite reference to Government Order No 9237-8/Edn 277-04-10 dated 9th March 1906 authorising the Inspector General of Education to incur charges within the sanctioned provision under the various heads mentioned in the list attached to the order Under the general rules regulating re-appropriations, the Inspector General h s got the power of sanctioning transfers of contingent grants from one minor head to another under Education and it is not clear how this power is affected by the authority given to the Inspector General to incur contingent expenditure on his own responsibility so long as the expenditure is kept within the sanctioned provision for such expenditure, whether it is the intention of Government that the limit placed upon the powers of the Inspector General in this respect should be the provision as originally fixed by Government in the sanctioned Budget Estimate or that t which it may stand by the exercise by the Inspector General of his power to make transfers of contingent grants In the former case, the

from the Surgeon General

Inspector General s powers of reappropriation should be regarded as not applicable to the heads mentioned in the list attached to the Government Order of 9th March 1906 and he cannot make any additions to these heads by transfer from other contingent heads In the latter case, the Sanctioned Provision referred to in the Government Order is not the provision as originally fixed by Government but th t at which it may be kept by the Inspector General himself I request that orders of Government as to the construction to be placed upon their order under advertence may be obtained and communicated to me

2 I may add in this connection that, in Government Order No R 11619-20/Agri 91-05-8 dated the 7th March 1906, the Agricultural Chemist was invested with similar powers in respect of certain heads under his control and the Government upheld the view of this office in their order No R 10958-9/Agri 113-06-6 dated the 29th June 1907, when it was held by this office that he could not add to the provisions under those heads by the exercise of his general powers of reappropriation

3 I enclose for information of Government copy of letter No 3057/190 dated 10th October 1911 from the Inspector General making a reappropriation under the heads for incurring expenditure under which, he has been given special power by the order of 9th March 1906
